**News Director, Operations Director, Producer, Reporter, Anchor, Announcer
Broadcaster**

"Art and I go way back. 1977 to be exact, when Art first began producing public affairs programs for WUIC at the University of Illinois - Chicago Campus. I later appointed Art as Operations Manager and Program Manager of the station. We met up again here in Las Vegas when I hired Art to do announcing and production for the Nevada Sports Schedule's audiotext and information services. Art is the proverbial "Can Do" person. With minimal guidance, he takes on projects, large and small, and completes them efficiently and creatively. He combines his skills as an announcer, editor and producer with a strong, self-motivated entrepreneurial spirit, evidenced by his successful career in Las Vegas in broadcasting, education, advertising and community leadership. I highly recommend Art for a position of responsibility where you need a job to be completed with high standards of performance.
